Plans are evolving for 2019 Citroëns at Carlisle, featuring the 100<sup>th</sup> Anniversary of Citroën. We have been invited by Carlisle Events to hold what we hope will be one of the largest celebrations of 100 years of our favorite cars, here in Central Pennsylvania, at one of the most well-known car venues in North America.

# **Citroën Invitational Display !!**

**This is a great opportunity to showcase your car at this great venue, and be part of the fun.**

**We are excited to be able to have an indoor “invitational display” of Citroëns. We hope to display a “time line” of Citroën, beginning with the very first models from 1919 to the very latest Citroën models.**

**To my knowledge, this is going to be the FIRST TIME that Citroën has had the chance to have such a display in North America for Citroën owners at such a car venue. Please help us to make this a great display !**

**We are looking for INTERESTING CARS, not necessarily show cars. Those who apply and are accepted will have their cars displayed indoors as part of this special display from Thursday until Sunday. Please apply on line at [http://www.carlisleevents.com/inv/carlisle\\_invitational\\_application.aspx](http://www.carlisleevents.com/inv/carlisle_invitational_application.aspx)**

**or download the application and apply by mail, or contact Brad Nauss for more information or a hard copy of the application. 717 691 8550 citparts@gmail.com**

**PLEASE APPLY AS SOON AS POSSIBLE. THE LOCATION OF OUR DISPLAY WILL BE DEPENDENT UPON THE NUMBER OF CARS TO BE DISPLAYED. WE WILL BE IN ONE OF THE MAJOR DISPLAY BUILDINGS!**

# **Citroën non-judged showfield.**

This year's "Citroën fun show field" and club tent will be located NEXT TO the invitational display building. This will allow ALL of our participants to be in one location and near each other. So if you prefer not to be part of the invitational display, you can join us for the weekend in our general display. We always have a great time, with seminars and other fun things to do during the weekend. Plans are to display these cars in a time-line also as much as possible. Seminars are planned to be held inside the invitational display building.
